

Studio Classes Fall 2017

The Beginner/ Intermediate class will explore the question "What would happen if....." You will be encouraged to try new ideas and then to respond to what happens on the paper. This class has an emphasis on fun, with many mini-demos and plenty of time to play.

The Advance Classes will focus on Sunshine, Shade and Shadows, a light and shadow experience. It is for the artists who wish to bring visual excitement of expressive shadows into their paintings. Using still life set ups and your own photos you will be challenged and motivated to have your thinking processes stimulate new ideas.

Price for the 8 weeks is \$200

The studio is at studio 611-70 Arthur St. in the Exchange District. Phone number 204-229-1447
